

MEMORANDUM FOR: The Assistant Secretary of Defense
(Supply and Logistics)

SUBJECT : Controlled Materials Plan Experience in the
Department of Defense. Report Controls Symbol
DD-S&L (OT)

1. The requirements of this Agency under the Controlled Materials Plan were furnished from the Defense Department reserve, and were infrequent and small in quantity. Because of this, and because the Munitions Board waived the usual administrative requirements, a report by this Agency would not appear to furnish information which you desire.

2. Your understanding of the fact that this Agency requires assistance from the Department of Defense in the controlled materials field is greatly appreciated, and this Agency will be glad to supply to you any information which might be of value.

15/

L. K. WHITE
Acting Deputy Director
